

Would you like to support the Veterans who served from our community?

Corporal Michael J. Crescenz VA Medical Center HUD-VASH program is a collaboration between HUD and the VA. It combines HUD Housing Choice Vouchers with VA supportive services to help Veterans and their families find and sustain permanent housing in the community.

We have Veterans and families searching for housing in Bucks County! If you would like to rent to Veterans, or want more information about HUD-VASH, please contact us at the numbers and emails below. Landlords working with HUD-VASH could possibly qualify for financial incentives.
